

Job Announcement at School of Veterinary Medicine, Iwate University

1. Position and Number

One Assistant Professor in the field of livestock internal medicine

2. Affiliation

School of Veterinary Sciences

3. Application Period

Application documents must arrive by August 7, 2026.

4. Expected Date of Employment

October 1, 2026 or later

5. Outline of the Job

The School of Veterinary Medicine consists of Cooperative Department of Veterinary Medicine, Veterinary Teaching Hospital, Food Animal Medicine and Food Safety Research Center (FAMS), and Farm Animal Clinical Skills and Disease Control Center (FCD). Among them, this recruitment is to fill the position Assistant Professor in charge of livestock internal medicine as a faculty member at the Veterinary Teaching Hospital.

After being hired, the applicant will be involved in education and research in the field of livestock internal medicine and university administration. Major responsibilities include Introduction to Veterinary Medicine (shared), Veterinary Ethics II (shared), Veterinary Law and Regulations (shared), Large Animal Medicine (shared), Large Animal Clinical Practicum (shared), Participatory Clinical Practicum (shared) as well as all-university common education courses and specialized undergraduate basic courses (shared).

Since our department has adopted a cooperative curriculum with the Department of Veterinary Medicine of Tokyo University of Agriculture and Technology, we are also responsible for the education of students affiliated with that university.

6. Benefits

- 1) Salary: Paid in accordance with university regulations (annual salary system, except retirement benefits paid at the time of retirement).
- 2) Working hours: Specialized discretionary work system, deemed working hours of 7 hours and 45 minutes per day.
- 3) Insurance: Employment insurance, social insurance, workers' accident compensation insurance, and membership in the Ministry of Education, Culture, Sports, Science and Technology Mutual Aid Association.
- 4) Days off: Weekends, holidays, New Year's holidays, etc.

7. Initiatives to Promote the Hiring of Female Faculties

Iwate University is committed to promoting diversity. As part of this effort, we are implementing the following measures in relation to this job announcement.

- 1) Female applicants will be given priority over male applicants under the conditions where evaluations of their achievements and qualifications are deemed to be of equal value.
- 2) Up to 200,000 yen of retention fund (research expenses) will be provided. Female Lecturers and Assistant Professors assigned to the university will receive 200,000 yen , the amount for 2 years starting from the date of hire.
- 3) If the applicant has taken maternity leave, child care leave and/or family care leave (irrespective of gender), we will take this into consideration in the screening process.
- 4) Various support for work-life balance (<https://diversity.iwate-u.ac.jp/support/wlb/>)
- 5) Career support for female researchers ([https://diversity.iwate-u.ac.jp/support /womenresearchers/](https://diversity.iwate-u.ac.jp/support/womenresearchers/))

8. Efforts to Promote Employment of Young Faculty Members

Up to 2,000,000 yen] for start-up expenses (research expenses) will be provided.
Tenure-track faculty members (Lecturers and Assistant Professors) will receive a research grant of 2,000,000 yen , the amount for 2 years starting from the date of hire.

9. Qualifications

- 1) Possess integrity and insight, with a desire to teach undergraduate and graduate students, provide research guidance, and contribute to the local community.
- 2) Hold a Ph.D. and have extensive knowledge and research skills in livestock internal medicine, and have outstanding research achievements.
- 3) Capable of conducting lectures and practical training for the above-mentioned subjects in accordance with the Veterinary Education Model Core Curriculum
- 4) Hold a Japanese veterinary license and has extensive clinical experience in livestock internal medicine.
- 5) Actively participate in the operation of the Department, the School of Veterinary Medicine, the Graduate School of Veterinary Sciences, and affiliated facilities.

10. Application Documents

- 1) Resume (any format, with a photo, signature and e-mail address)
- 2) Statement of research achievements (designated format, see example)
- 3) Ten major publications
- 4) Outline of past research, education, and clinical experience (within two A4 sheets)
- 5) Aspirations for education and research (within one A4 sheet)
- 6) Names and contact information (telephone number and e-mail address) of two persons who can make inquiries about the applicant
- 7) Status of research funds obtained in the past as a representative researcher.

10. Submission of the Application Documents

Please send your application documents as PDF files to the following e-mail address by August 7, 2026. Please note that the total file size of the attachments should not exceed 20 MB. The e-mail subject should be "Application documents (applicant's name)". Iwate University will reply within 3 days (excluding Saturdays, Sundays, and holidays) after receipt of your e-mail. If you do not receive a reply, please contact the following. Personal information contained in the application documents will not be used for any purpose other than screening and employment.

Toru TAKAHASHI

Chairperson of the Assistant Professor Selection Committee

School of Veterinary Medicine, Iwate University

E-mail: tatoru@iwate-u.ac.jp

Tel: +81-19-621-6277

11. Selection Process

Applicants who passed the document screening may be asked to visit the university for an interview. Travel and other expenses will be paid by the applicant. If you have previously taken leave or time off for a life event (maternity leave, childcare leave, or family care leave), this will be taken into consideration during the selection process, so please make sure to state this on your resume.

The selection results will be notified by email.
